

Dollar for Dollar Tax Credit that Reduces Your Tax Liability

Hello Friends and Family of Saguaro High School's Math & Science Academy,

_____ is a student in the Math & Science Academy (MSA) at Saguaro High School. MSA provides opportunities and visibility in STEM education (Science, Technology, Engineering and Math) for students in the Scottsdale Unified School District (SUSD).

Our students graduate highly motivated and fully qualified to pursue STEM-related degrees at the post-secondary level. The program has experienced unparalleled growth from its inception and now includes well over 325 students. MSA offers advanced courses, specialized programs, and community service, including Robotics, CyberPatriot, Sisters in STEM, Melody Makers, Science Olympiad, Mu Alpha Theta National Math Honor Society, and more. Our students continue to be recognized and awarded for their commitment and accomplishments in the MSA program.

Providing these opportunities is our pleasure - and it's also quite expensive as travel costs, entry fees, and equipment costs have skyrocketed. We've appreciated generous donations over the years from corporations, families, and individuals and it makes a huge difference. And, thankfully the District has an easy way to leverage [AZ State Tax Credits](#) to support our program and our student's opportunities - while reducing your tax liability. That's right, it's a win-win.

Specific donations of up to \$200/annually for an individual filer, or \$400/annually for joint filers, will reduce your Arizona State tax liability dollar for dollar. Donations can be made by check or online and *must* indicate the school (**Saguaro High School**), specific program it is going toward (**Math and Science Academy - T861**), and they *can* indicate the name of the student you received this letter from (not required) or simply note: General.

- Checks made out to SUSD can be submitted directly to Saguaro, or delivered by a student.
- Online donations are made at <https://az-scottsdale-lite.intouchreceipting.com/>. Drop down menus on the right allow you to select the school, program, amount, and student name or "general."

Find information about AZ Tax Credits here: <https://www.susd.org/departments/finance/tax-credit>.

If you're already taking advantage of this tax credit with another public school, thank you! If you're not, then you have nothing to lose! Either way, we welcome your donations anytime, and appreciate your consideration and support of these students and the MSA program. Please reach out with any questions. Thank you.
